Location: KITALE, Kenya

Objective:

As an aspiring programmer, I am passionate about creating solutions that make life easier and more efficient. My goal is to contribute to the growth of technology while continuously improving my skills and knowledge.

Education:

- **Borabu TTI (2023 - Present)**
 - Programmer student, focusing on programming languages, software development, and problem-solving.
 - **Kipkeikei High School (2018 - 2021)**
 - Completed secondary education, with a strong focus on:
 1. Mathematics
 2. Biology
 3. Chemistry
 4. English
 5. Kiswahili
 6. History
 7. CRE
 8. Physics**TOTAL GRADE C+ 51 POINTS:**
 - **Kapsara Primary School (2008 - 2017)**
 - Completed primary education with a good foundation in basic sciences and mathematics.
-

Skills:

- **Programming Languages:** Python, Java, JavaScript, C++
- **Web Development:** HTML, CSS, JavaScript

- **Database Management:** MySQL, SQLite
 - **Version Control:** Git & GitHub
 - **Problem Solving & Algorithm Design**
 - **Frameworks:** React.js, Django
 - **Operating Systems:** Windows, Linux
 - **Networking at large**
-

Industrial Attachment:

- **ABC Technologies (2024)**
 - During my industrial attachment at ABC Technologies, I worked on software development projects and contributed to the development of web applications using JavaScript, HTML, and CSS. I was also involved in bug fixing, testing, and troubleshooting, which helped me gain hands-on experience in real-world programming challenges.
